

The Spanish Hydrogen Association Conferences

[AeH2 Seminar: "Spanish Projects on Hydrogen and Fuel Cells"](#)

The Spanish Hydrogen Association (AeH2) continues with their 2009 series of conferences, with this new seminar titled "**Spanish Projects on Hydrogen and Fuel Cells**".

The seminar, organized by the AeH2 in collaboration with the Fundación para el Desarrollo de las Nuevas Tecnologías del Hidrógeno de Aragón, Gobierno de Aragón, Infopower and the Feria de Zaragoza, will announce the major projects in hydrogen and fuel cells that are taking place in Spain. Throughout the different conferences the main CENIT and PSE projects will be presented, as well as the most relevant projects in clean hydrogen production, supply stations, and international projects with Spanish presence.
